YOUR ORDERS, SOLDIER

At ease! Major I.M. Havoc here—Combat Consultant to the International World Affairs Council. We've just received notice of a world-wide assault being planned by D.R.A.T.—the Dreaded Republic of Allied Terrorists. The Council has instructed me to select a volunteer to defuse the situation...and guess what? You just volunteered!

Get ready for a week's R & R (Recon and Ruination) at the terrorist camp, on a secluded island paradise. You'll stroll the warm, tropical beaches as bullets shred the sand at your feet. Gaze at enchanting sunsets as you dodge the raking fire of deadly combat choppers. And admire the beauty of ancient ruins. And then ruin 'em some more!

This is strictly a covert operation. The Council cannot claim responsibility for you if you fail.

You're on your own and if ya' mess up, it's your hide. The entire terrorist camp must be wiped out or the vermin will begin their reign of terror.

Leave no buildings standing. No ships floating. No choppers flying. And most importantly...clear the entire zone of enemy personnel!

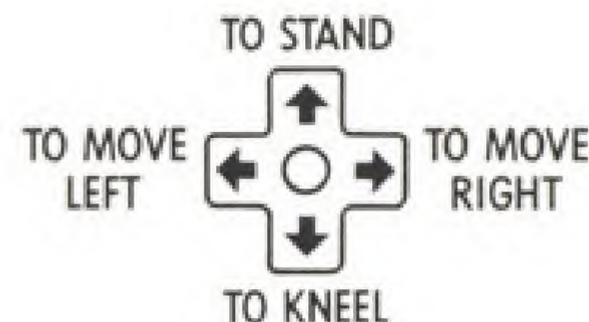

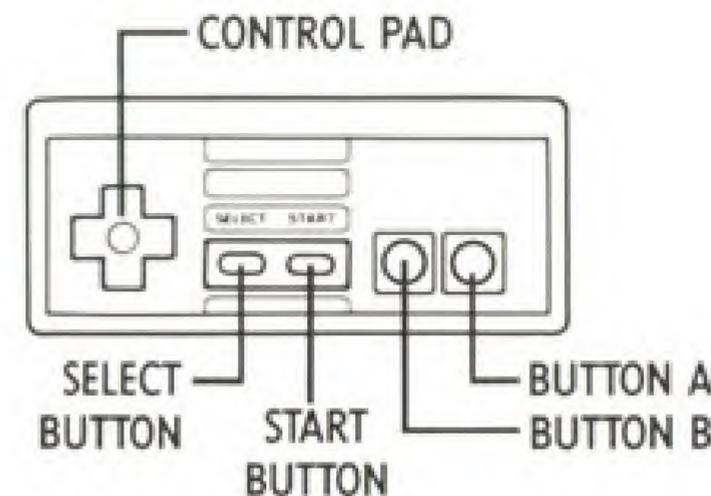

Keep your eyes open and your finger on the trigger. Complete your mission and the world can breathe a sigh of relief. And good luck, soldier. You're gonna need it!

Major I.M. Havoc
Combat Consultant, I.W.A.C.

How To PLAY

Your Mission

Your objective is twofold:

1. Blast through the 20 different scenes (5 Levels) of the terrorist camp by wiping out terrorists and enemy vehicles.
2. Rack up as many points as possible by destroying buildings, supplies, and landmarks.

Note: You'll also get points for wiping out the terrorists and enemy vehicles.

Two Guns Are Better Than One

At the beginning of the game, another player may join in to play two against the computer. Simply use the other NES Controller and press the START BUTTON while PRESS START is flashing.

Staying Alive

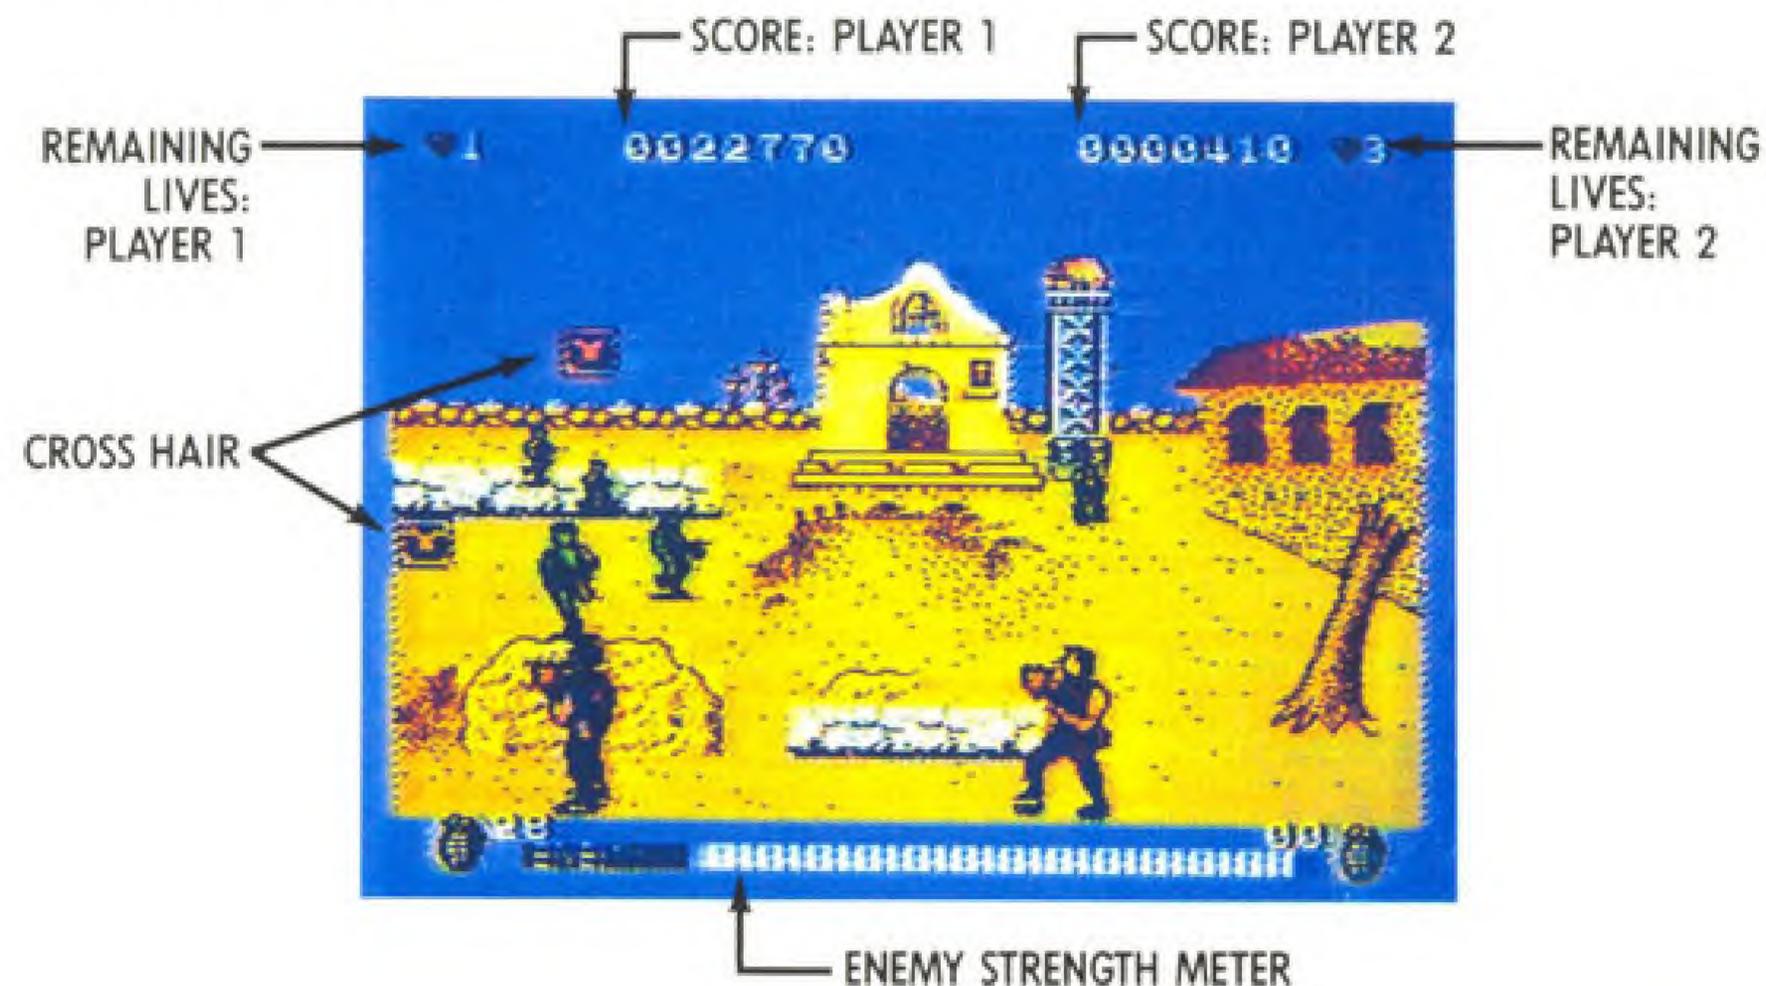

You start the game with five lives. You'll get one bonus life when you complete a Level. Also, you can continue your game after losing your last life: just press the START BUTTON while PRESS START is flashing. You get three continues.

Each time you get another life, you'll blink for a few seconds. During this time you're invincible. So wreak all the havoc you can!

Enemy Strength Meter

You must wipe out terrorists and destroy enemy vehicles to move from one scene to the next. Keep an eye on the enemy strength meter at the bottom of the screen—it indicates how much more destruction you must do before moving on.

This is a 2-Player Game

GUNS N' AMMO!

What do you need to take on an entire terrorist camp? You'll start the game with a TUF-99 assault rifle and 10 FRAG-57 grenades. Just line up your targets in the cross hair to shoot 'em down!

Pick up these bonuses whenever you can:

•Pick up the BONUS machine guns to add intense firepower and rapid-fire ability to your rifle.

•Pick up the BONUS grenades. You'll need them!

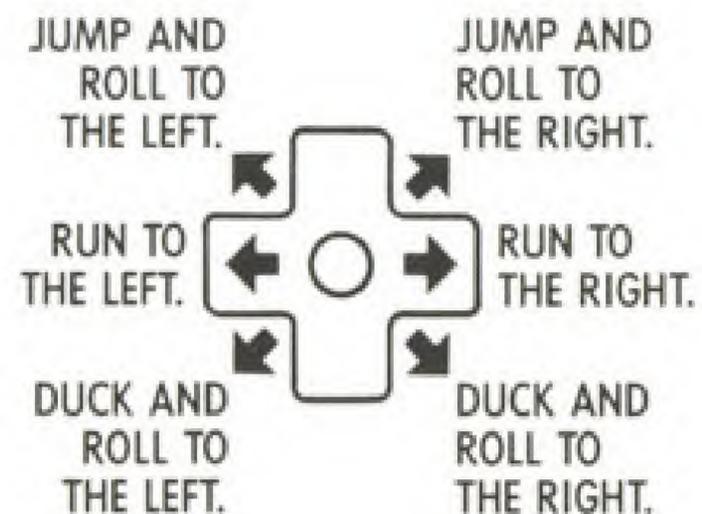

•Pick up the yellow stars to earn BONUS points for a higher score!

JUMP, DUCK, AND ROLL!

To avoid enemy fire, you'll have to move quick. Jump, duck and roll to the right and left across the screen. See the figure below for some advanced maneuvers.

For these maneuvers, hold down Button B and press the control pad in the direction indicated.

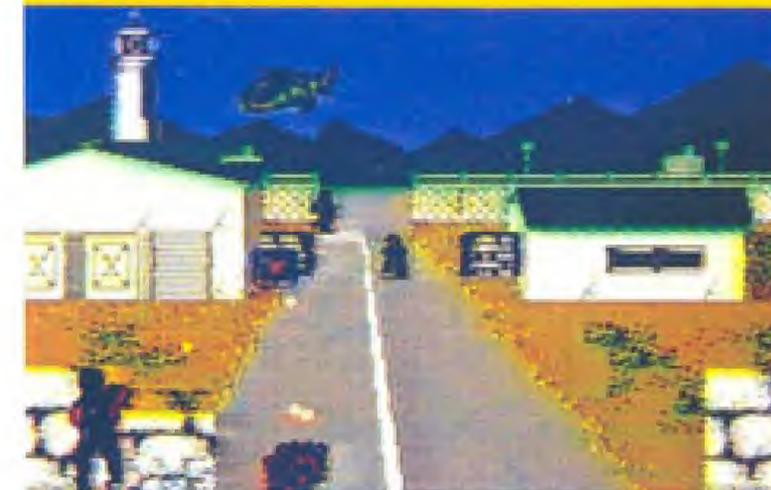

FIVE BATTLE LEVELS, 5-STAR ACTION!

There are 5 Levels to get through, each with 4 scenes. The terrorists will throw everything they have at you, including the kitchen sink. Battle tanks, choppers, sharpshooters and a whole lot more! At the end of each Level, you'll have to defeat an awesome "war machine" to go ahead.

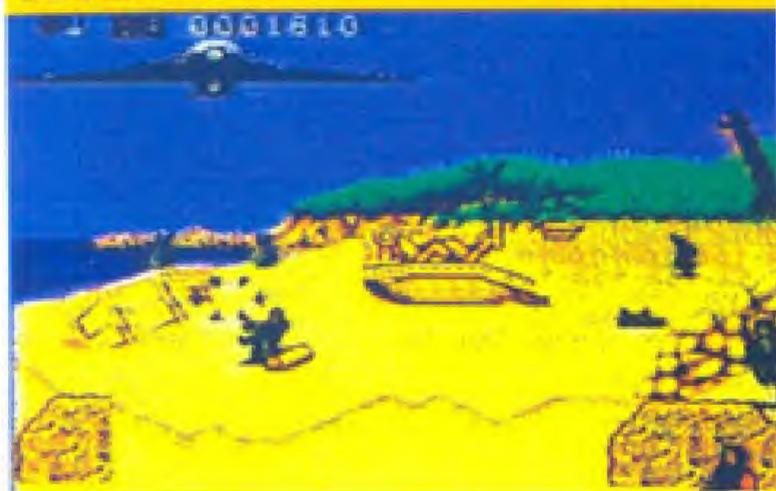

LEVEL 1

Start off shooting in an old village and then proceed to the terrorists' air base...if you survive. There, D.R.A.T.'s troops, armored assault vehicles and choppers have formed a little welcoming party for you. When you reach the air base, be prepared! The Super-Strike Chopper will drop in to say "hi." Defeat the chopper and you can move ahead.

LEVEL 2

This Level gives "hit the beach" a whole new meaning! Rake the sand with your bullets and pound the turf with your grenades. Enemy frogmen lurking in the tide-pool add a little intensity to the hard-hitting action. After the beach, you'll head inland where the action doesn't get any cooler. A little "sub-prise" awaits you, ready to halt your progress.

LEVEL 3

Welcome to D.R.A.T.'s naval headquarters. The loading docks are crawling with terrorists, who can make your stay very unpleasant. Destroy warehouses, giant cranes and a battleship while avoiding deadly air-fire from choppers and jet fighters. Then demolish cannons by the truckload to advance to Level 4.

LEVEL 4

It's a jungle out there! And if you make it out alive, it's into the unforgiving heat of the desert. There, you'll encounter more terrorists than you can shake a stick at, so launch a grenade or two. Your aim and persistence will be tested as you try to destroy the cannons in the shell-spewing pillboxes. If you're successful, it's on to Level 5.

LEVEL 5

Make molehills out of mountains in this final Level. You'll have to draw on your last reserves as the relentless terrorist troops seem to grow out of the desert sand. Wipe them out and confront D.R.A.T.'s last line of defense. Keep your gun blazin' because you never know what's going to pop up. Defeat D.R.A.T.'s final "war machine" and you've completed your mission.

WINNING THE GAME

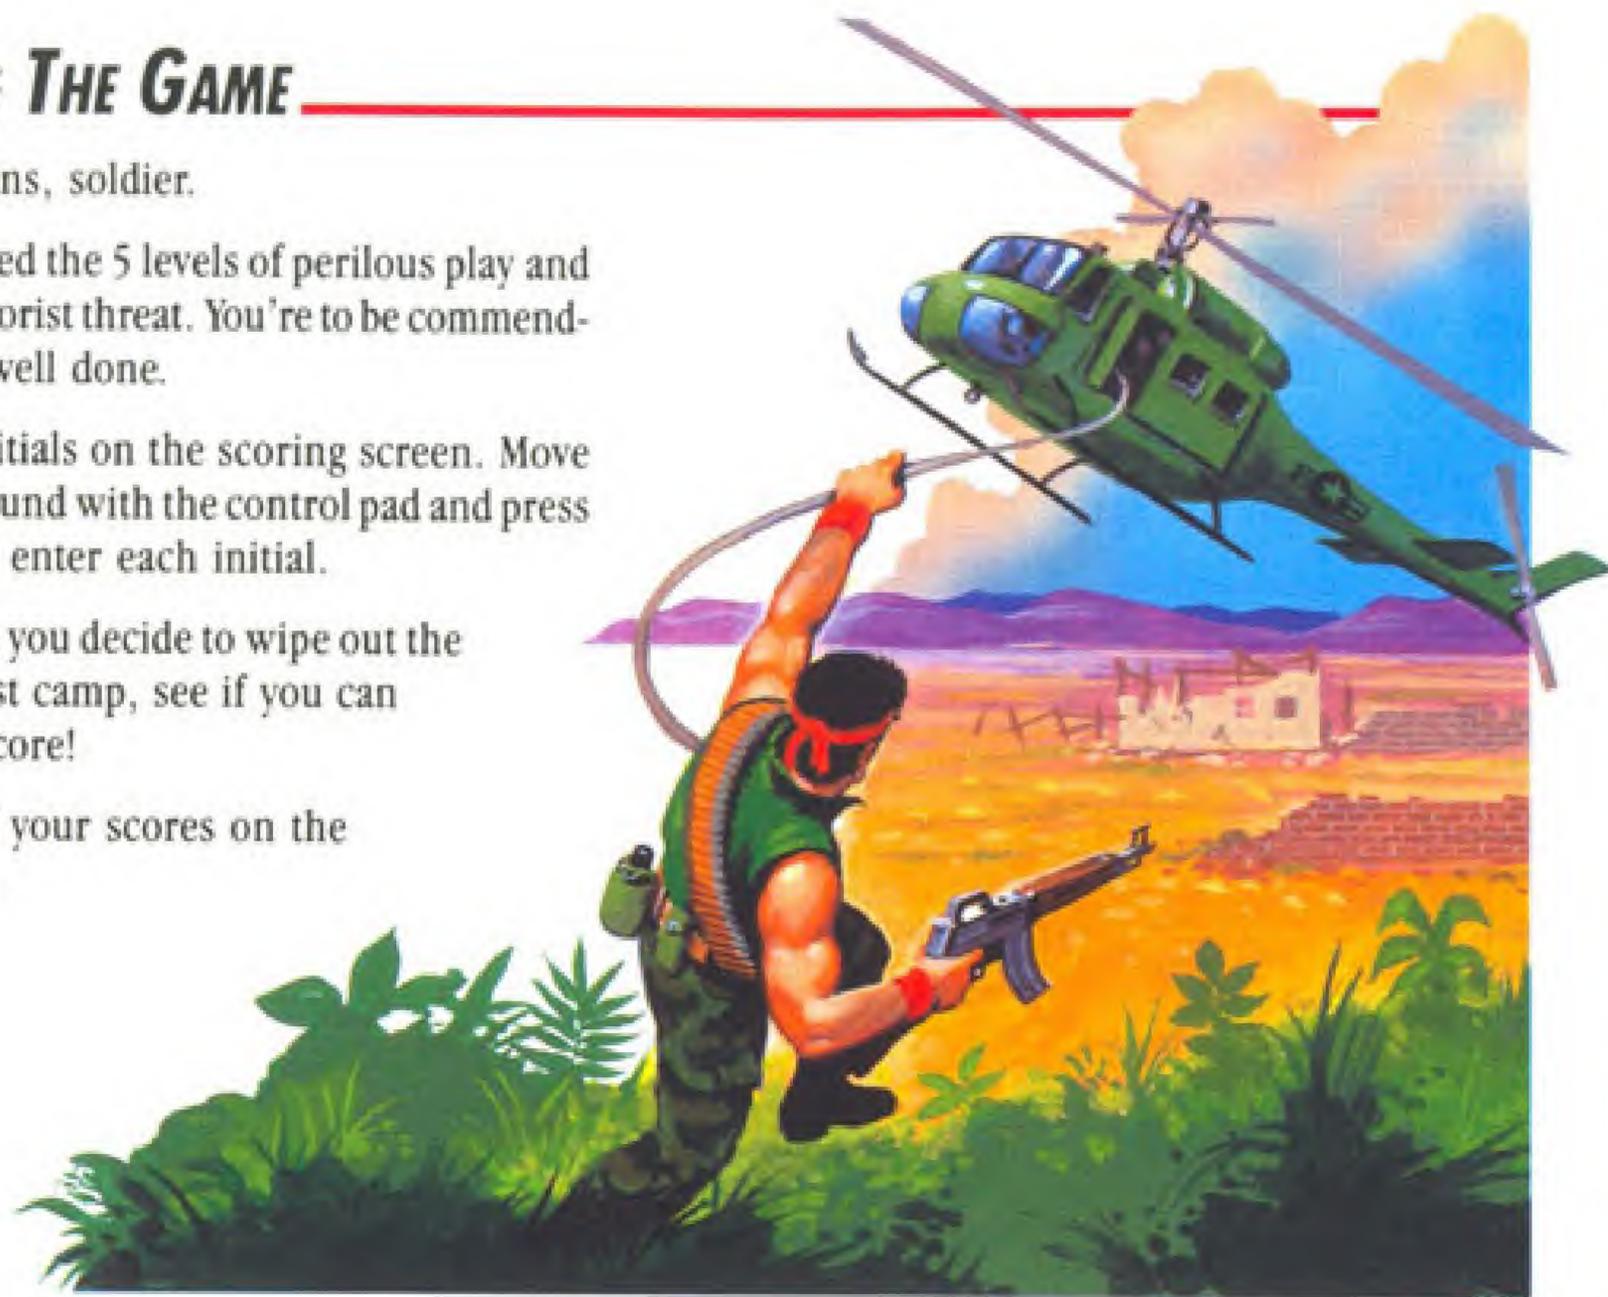

Congratulations, soldier.

You've survived the 5 levels of perilous play and ended the terrorist threat. You're to be commended for a job well done.

Enter your initials on the scoring screen. Move the cursor around with the control pad and press **BUTTON A** to enter each initial.

The next time you decide to wipe out the entire terrorist camp, see if you can better your score!

Keep track of your scores on the page at right.
